9. The Authority shall reserve the right to, at any time during the RFP or contract process, prohibit any further participation by a proposer or reject any proposal submitted that does not conform to any of the required details herein.

## **Scope of Proposal**

The Alton Housing Authority is seeking to obtain a RAD Developer for the redevelopment of the Alton Acres, Oakwood, and Alton Manor properties.

Alton Acres was built in 1960 and has 100 units ranging from 1 to 5-bedrooms.

Oakwood was built in 1969 and also has 100 units ranging from 1 to 5-bedrooms. Both Alton Acres and Oakwood have a mix of families, elderly residents, and disabled residents.

Alton Manor was built in 1962, has 44 units, and is a mix of efficiency and 1-bedrooms. This development is almost entirely elderly and disabled residents.

AHA's properties are old, expensive to maintain, have little-to-no amenities, and would be expensive to renovate and bring up to current standards. For this reason, AHA wishes to demolish and replace our current public housing stock with newly designed, energy-efficient housing with modern amenities.

The selected developer will assist AHA with converting the public housing properties to the HUD Rental Assistance Demonstration (RAD) Program. The Authority's goal is to hire a qualified developer that will bring the knowledge and experience of their organization and consulting team to enter into a "full service" agreement where the selected firm will handle everything from start to finish for demolishing and replacing AHA's existing housing units and for securing rental assistance. "Full services" to be provided include, but are not limited to:

- Develop master redevelopment plan.
- Establish any required nonprofits or limited liability corporations.
- Secure rental assistance.
- Assist with presenting the master redevelopment plan to HUD and the Illinois Housing Development Authority.
- Prepare funding requests including, but not limited to: tax credits, Trust Funds, HOME funds, CDBG funds, Federal Home Loan Bank, HUD or Rural Development insured loans or tax exempt bonds, conventional loans, state housing development funds, and grants.
- Obtain required approvals and letters of support from units of local government.
- Obtain required construction, demolition, and other permits.
- Identify and secure building sites needed in addition to the current land controlled by AHA.
- Conduct any required market studies, surveys, or environmental assessments.
- Prepare relocation plans in full compliance with the Uniform Relocation Act.
- Demolish old housing units and construct new units with a minimum warranty of one year.
- Develop property marketing, management, and maintenance plans.
- Monitor, oversee, and submit the required items (i.e., RPCA, environmental report, proforma, HUD form documents, etc.) to meet the HUD-required CHAP milestones, including the Financing Plan which will be used in the HUD RAD approval process.
- Participate in communications with AHA and HUD RAD staff to help the Project to move through the RAD Financing Plan and RAD Conversion Commitment (RCC) issuance processes; and
- Facilitate the RAD closing process, serving as a liaison between HUD, AHA, and AHA's attorney. The Consultant will help to resolve any outstanding issues for the RAD attorneys

to guide AHA through the review and execution of the RAD Conversion Commitment (RCC), the HAP Contract, the RAD Use Agreement, and other RAD-related documents required by HUD for the Project.

Once selected, the chosen developer shall provide a sample agreement to use in finalizing the developer's agreement between the two parties. At a minimum, the developer agreement should contain provisions for:

1. Developer is to provide "full services"; from project conception to completion and start-up costs.
2. Developer to assist AHA with securing rental assistance for each public housing unit demolished or disposed of and replaced.
3. AHA is to be provided a co-developer fee.
4. Developer to pay all fees and costs until funding is secured and rents and rental assistance subsidies cash flow can carry the project financially.
5. If tax credits are used, AHA (or a closely held nonprofit) is to have ownership of tax credit properties (and related debts and costs) at the end of the tax credit compliance time period.
6. Arrangements for AHA to manage and maintain the units. The tax credit or other funding program may require the Developer to be responsible for operations for a specified compliance period; however, AHA must be involved in the process.

### **Indefinite Quantity Contract**

It is AHA's intent to enter into an Indefinite Quantity Contract (IQC) with the successful developer for the provision of professional development services for a period of three years with the option to extend the contract by mutual agreement for an additional two years. The selected developer will complete all projects assigned during the term of the contract even though the project timetables may extend beyond the three-year (plus two year extension option if selected) term of agreement.

Services will be specified and undertaken on a task order basis. The maximum fees and total dollar amount of the IQC Contract will be defined by the total number of development projects undertaken and the funding sources for each project. **To be considered, firms must be willing and able to defer payment of fees and costs until project funding is secured.**

### **Preferred Qualifications**

The Authority prefers to work with individuals and/or firms that meet the following qualifications:

1. Five years of experience working with small housing authorities including affordable housing development, including acquisition, construction, and rehabilitation of HUD ACC units.
2. Five years' experience working with federal, state or other local programs that are administered by other government agencies, non-profit organizations or conventional financial institutions.

3. Experience and success in obtaining grants and other financing for new low-income housing development and renovation of existing low-income housing.
4. Strong knowledge of community lending programs, especially LIHTC development.
5. Three years' experience working with HUD RAD program and LIHTC.
6. Willingness to work as a team and develop and train Authority staff as to funding opportunities, redevelopment tasks for future projects and managing general responsibilities.

### **Submission Requirements**

Respondents must submit one (1) original and four (4) hard copies of the complete proposal. All materials will become the property of the Alton Housing Authority. Additionally, respondents will be responsible for all costs incurred in preparing a response to this RFP.
